L Learners Coach

Cheat sheet

From the free DoT learner driver manuals. Check with your testing centre for changes.

Read a sign in one second

- Blue disc: you MUST.
- Red ring with a line: you must NOT.
- Red ring, no line, a number: a LIMIT. Do not go over it.
- Triangle pointing UP: danger ahead.
- Triangle pointing DOWN: give way.
- Blue rectangle: RESERVED for the vehicle shown.
- Red diagonal cross over a sign: the rule has ENDED.
- Yellow background: a temporary sign, usually road works.

Lines on the road

- Red lines stop you stopping. Yellow lines stop you parking.
- Solid line on your side: do not cross. Broken: cross only to overtake or turn.
- Short dashes: same direction. Long dashes: oncoming traffic.
- Yellow box: never stop inside it.

The distance ladder

- Climb the ladder: hydrant 1.5 m, intersection 5 m (no parking), bridge or tunnel 6 m, pedestrian crossing 9 m (no stopping).
- Lights: switch on if you cannot see 150 m. Main beam reaches 100 m, dipped beam 45 m.
- Warning triangle: 45 m behind. Hooter: heard at 90 m. Number plate: read at 20 m.
- Towing with a rope: no more than 3.5 m apart, a red flag over 1.8 m, and no faster than 30 km/h.

Speeds

- 60, 100, 120: town, open road, freeway.
- 80 for heavy goods vehicles over 9 000 kg. 100 for buses and minibuses.
- 30 in a residential area (woonerf). 15 in a pedestrian priority zone.

Controls

- Clutch in, then shift: a gear change is always 6 and 8.
- Parked? Parking brake (7), not the foot brake.
- Sharp turn: every number EXCEPT 2, 5, 7 and 11 (wiper, indicator, parking brake, hooter).

Who goes first

- 4-way stop: first to stop, first to go.
- Roundabout: give way to traffic from your right.
- A traffic officer beats every light and sign.
- Emergency vehicle with siren and lights: give way at once.

Dates and deadlines

- Learner's licence: 24 months. Licence disc: 12 months, plus 21 days grace.
- Accident: report to the police within 24 hours. Change of address: 14 days.
